Election year sequencing options are only shown for the population-balanced maps.

With five Council districts, the City retains is current election cycle of three Council seats up in 2018 and two up in 2020. Whenever possible, a district election year should match the end of the resident Councilmember's term.

A 4 in parenthesis in the "Map" column indicates the map is a 4-district with at-large Mayor proposal, so two districts (plus the Mayor) would be elected in 2018 and the other two districts in 2020.
