

# Lodi 2018 Districting Public Participation Map

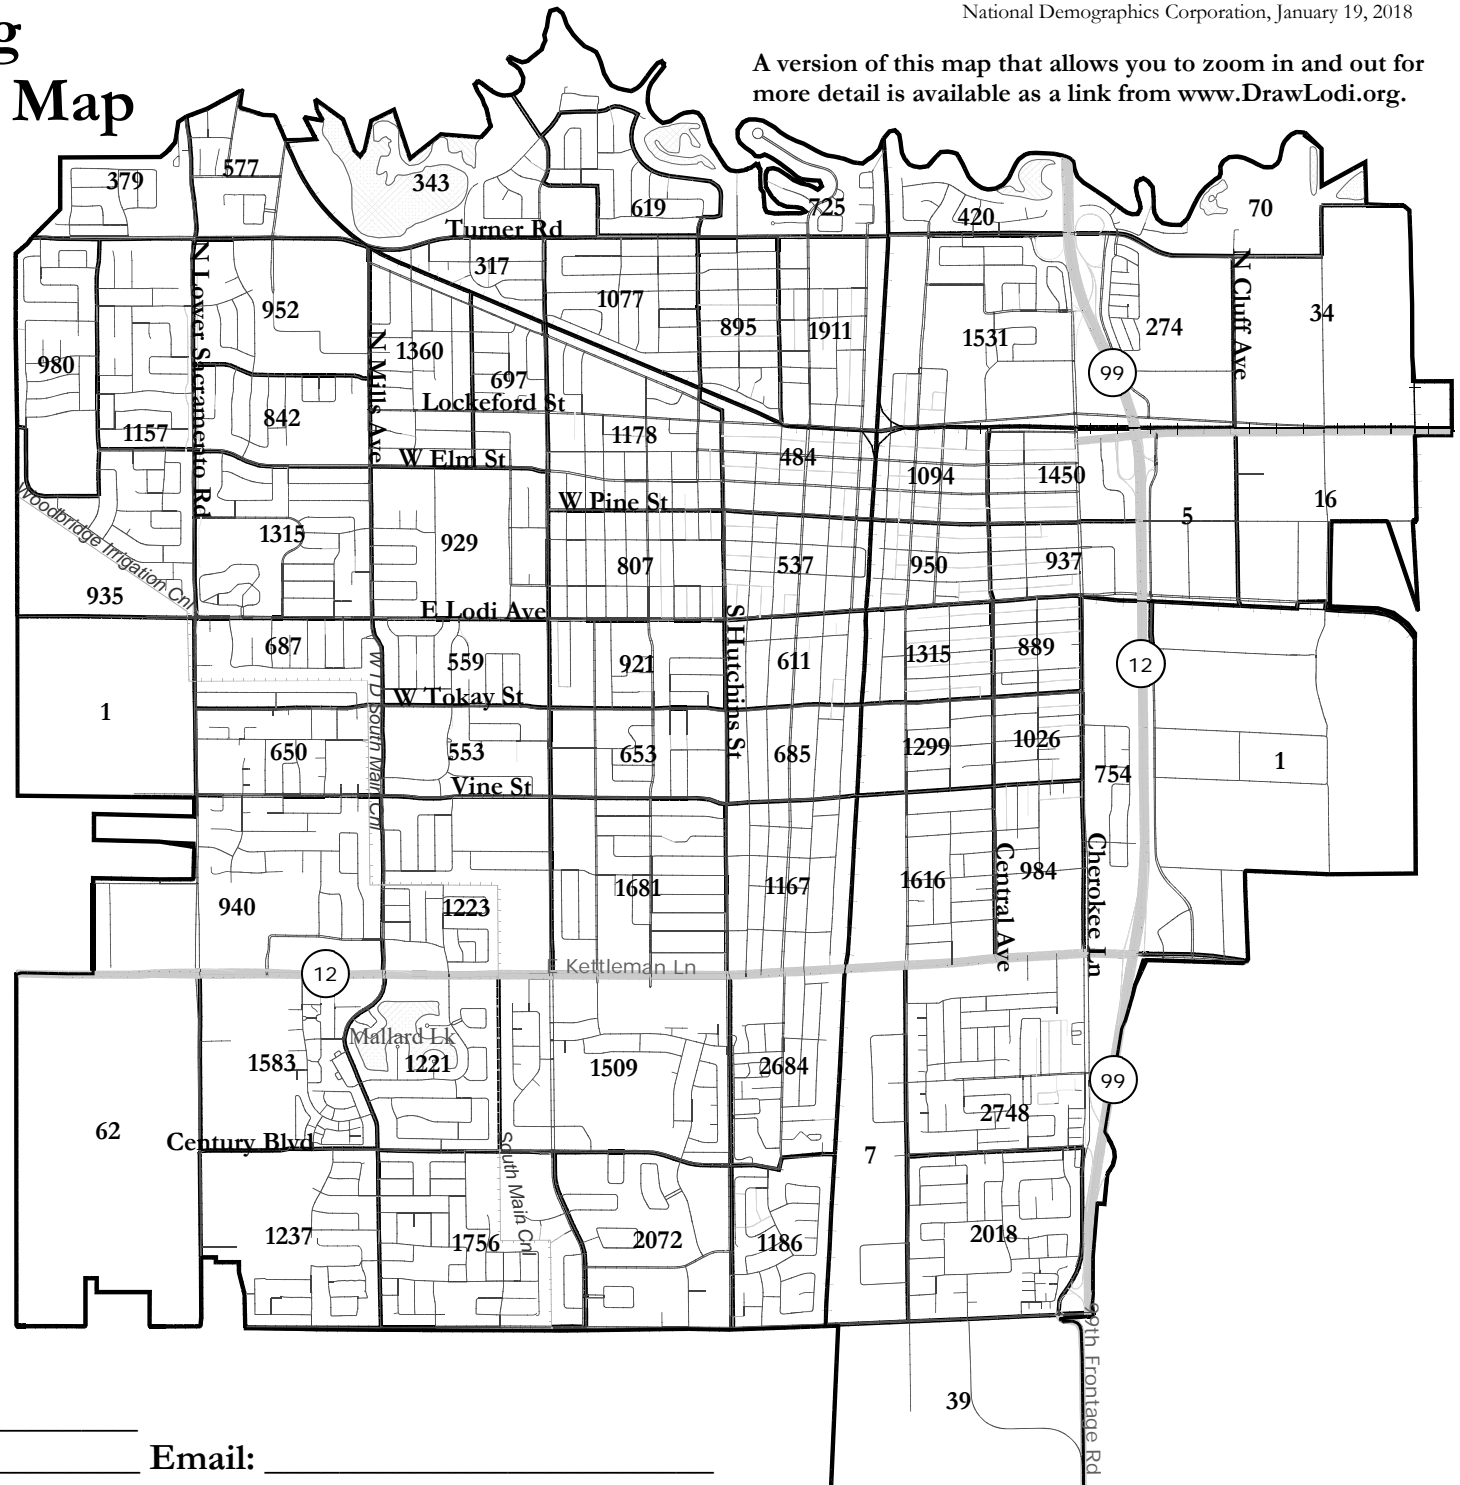

National Demographics Corporation, January 19, 2018

A version of this map that allows you to zoom in and out for more detail is available as a link from [www.DrawLodi.org](http://www.DrawLodi.org).

Each number on the map is the total population in that Population Unit.

The difference between the smallest and largest of the five districts must be 1,243 people or less.

We suggest each district have between 11,805 and 13,048 residents, and as close to 12,427 per district as possible.

Please use a thick dark-colored pen to draw your map, then submit it at City Hall or directly to our project consultants:
